

Contents to Volume 17 (1993)

<i>M. Motta (Italy)</i> Study of the language functions controlled by the right hemisphere in patients affected by dementia	1
<i>Y. Chaohui, J. Wei, X. Weijun, W. Peili, Z. Yi, Z. Daoyi, Y. Huixing (P.R. China)</i> The pedigree chart analysis of centenarians in Shanghai City	17
<i>E. Haronian, N.C. Wheeler, D.A. Lee (USA)</i> Prevalence of eye disorders among the elderly in Los Angeles	25
<i>A. Orlandi, A. Mauriello, B. Marino, L.G. Spagnoli (Italy)</i> Age-related modifications of aorta and coronaries in the rabbit: a morphological and morphometrical assessment	37
<i>N. Sato, K. Meguro, S. Yamaguchi, T. Aoki, K. Sekizawa, M. Yamaya, H. Sasaki (Japan)</i> Bactericidal clothes reduce infections in elderly bed-bound nursing home patients	55
<i>V.V. Frolkis, Y.G. Grigorov, K.L. Pisarchuk (Ukraine)</i> Long-term effects of litter size in early postnatal period on metabolism, aging and life span in rats	65
Announcements	75
<i>N. Ogawa, K. Mizukawa, M. Asanuma, I. Kanazawa (Japan)</i> Abnormalities in muscarinic cholinergic receptors and their G-protein coupling systems in the cerebral frontal cortex in Alzheimer's disease	17
<i>U. Wranek, G. Ladurner (Austria)</i> Dementia, learning and the P300 paradigm	91
<i>C. Pieri, F. Moroni, R. Recchioni (Italy)</i> Reduced glutathione recovers the impairment of the proliferative response of splenic lymphocytes from vitamin E-deficient rats	101

<i>S. Das, B.K. Patnaik (India)</i> Effect of partial water deprivation and restricted feeding on age-related changes in two enzymes of energy metabolism in the brain of male garden lizards	111
<i>I. Semsei, F. Jeney, T. Fülöp (Hungary)</i> Effect of age on the activity of ceruloplasmin of human blood	123
<i>E. Vörös, C. Robert, A.M. Robert (France)</i> Comparative study of rheological and surface pattern parameters of human skin as a function of age, work conditions and sun exposure	131
Corrigendum	143
Review article	
<i>C. Polidori, Y.-C. Zeng, D. Zaccheo, F. Amenta (Italy)</i> Age-related changes in the visual cortex: a review	145
<i>T.-B. Robins Wahlin, L. Bäckman, Å. Wahlin, B. Winblad (Sweden)</i> Visuospatial functioning and spatial orientation in a community-based sample of healthy very old persons	165
<i>Z. Křištofiková, O. Benešová, H. Tejkalová (Czech Republic)</i> Comparison of the effects of aging in vivo and of oxygen free radicals in vitro on high-affinity choline uptake and hemicholinium-3 binding in the rat brain	179
<i>G. Cao, R.G. Cutler (USA)</i> High concentrations of antioxidants may not improve defense against oxidative stress	189
<i>S. Đurica, Z. Žakula, E. Isenović, N. Ribarac-Stepić (Yugoslavia)</i> Age-related changes of TSH receptors in thyroid tissues obtained from euthyroid patients	203
<i>M.V. Baldelli, A. Pirani, M. Motta, E. Abati, E. Mariani, V. Manzi (Italy)</i> Effects of reality orientation therapy on elderly patients in the community	211
